ACCEPTANCE CRITERIA

A decorative pattern of hexagons in various shades of blue and cyan on the left side of the slide. Some hexagons contain icons: a lightbulb, a thumbs up, a network of nodes, a smartphone, a magnifying glass, a gear, and a speech bubble.

1

ADD TO FAVORITES

SCENARIO 1: As a user, I would like to take note of my favorite boarding house properties and put them into one place.

GIVEN: The user is in the Profile Page or in Detail Page.

WHEN: The user clicks on a Boarding House Property and clicks the heart icon.

THEN: The system will add the Boarding House Property Post in the user's Favorites section / page

A decorative pattern of hexagons in various shades of blue and teal on the left side of the slide. Some hexagons contain icons: a lightbulb, a thumbs up, a network of nodes, a smartphone, a magnifying glass, a gear, and a speech bubble.

2

SORTING PROPERTIES

SCENARIO 2: As a user, I would like to sort the boarding house properties I see in the app.

GIVEN: The user is in the View All page or Favorite Page.

WHEN: The user clicks on the Sort Icon.

THEN: The user will be able to sort the boarding house properties according to its name, dateTime, or date added in ascending or descending order.

A decorative pattern of hexagons in various shades of blue and cyan. Some hexagons contain white icons: a lightbulb, a thumbs-up, a network of nodes, a smartphone, a magnifying glass, a gear, and a speech bubble. A large cyan hexagon in the center-left contains the white number '3'.

3

CROPPING IMAGE & SELECT RATIO

SCENARIO 3: As a user, I would like to crop my boarding house property images and adjust them to my preferred ratio.

GIVEN: The user is changing their boarding house property image.

WHEN: The user clicks Upload Photo

THEN: The system will give the user an option to crop or adjust the ratio or zoom of their selected photo.

A decorative cluster of hexagonal icons in various shades of blue and teal. The icons include a lightbulb, a thumbs-up, a network node, a smartphone, a magnifying glass, a gear, and a speech bubble.

4

ADD BOARDING HOUSE IMAGES

SCENARIO 4: As a user, I would like to add more images to my boarding house property rather than just one for display.

GIVEN: The user is in the Property Details of a Boarding House Property.

WHEN: The user hovers over and clicks on the boarding house image displayed.

THEN: The system will allow the user to add images to the boarding house property.

A decorative pattern of hexagons in various shades of blue and cyan. Some hexagons contain icons: a lightbulb, a thumbs up, a network of nodes, a smartphone, a magnifying glass, a gear, and a speech bubble. The number 5 is centered in a large cyan hexagon.

5

VIEW MORE
IMAGES

SCENARIO 5: As a user, I would like to view all the images associated with a boarding house property and not just the ones being displayed on the page.

GIVEN: The user is in the Property Details of a Boarding House Property.

WHEN: The user clicks on the View More next to the boarding house property image.

THEN: The user can view all the images that are added to the boarding house property.

A decorative graphic on the left side of the slide. It features a large, light blue hexagon in the center with the number '6' inside. Surrounding this central hexagon are several smaller hexagons of varying shades of blue and teal. Some of these smaller hexagons contain white icons: a lightbulb, a thumbs-up, a smartphone, a magnifying glass, and a gear. There is also a network-like icon with three nodes and a speech bubble icon.

6

INTRO / ONBOARD PAGE

SCENARIO 6: As a user, I would like to experience seeing some information on the functionalities of the boarding house app when I open it.

WHEN: The user is in the boarding house app's main page.

THEN: The user can access the Intro / Onboard Page where the boarding house app's main functionalities are displayed.

A decorative graphic on the left side of the slide. It features a large, light blue hexagon in the center. Surrounding it are several smaller hexagons in various shades of blue and teal. Some of these hexagons contain white icons: a lightbulb, a thumbs-up, a smartphone, a magnifying glass, and a gear. There is also a network-like icon with a central node and several smaller nodes connected by lines. The entire graphic is set against a dark blue background.

7

MY POST

SCENARIO 7: As a user, I would like to see all the boarding house properties that I have posted in the BoardHub app.

GIVEN: The user is in the Home Page.

WHEN: The user clicks on Profile Icon.

THEN: The user can see all their boarding house property posts below.

A decorative graphic on the left side of the slide. It features a large, light blue hexagon in the center. Surrounding it are several smaller hexagons in various shades of blue and teal. Some of these smaller hexagons contain white icons: a lightbulb, a thumbs-up, a smartphone, a magnifying glass, and a gear. There is also a network-like icon with a central node and several smaller nodes connected by lines. The entire graphic is set against a dark blue background.

8

CATEGORY

SCENARIO 8: As a user, I would like to see the boarding house properties in accordance with their type or classification.

GIVEN: The user is in the Home Page

WHEN: The user hovers over the Category tab and clicks on a boarding house property type or classification

THEN: The user can see the available boarding house properties associated with the classification / type.

A decorative graphic on the left side of the slide. It features a large, light blue hexagon in the center. Surrounding it are several smaller hexagons in various shades of blue and teal. Some of these hexagons contain white icons: a lightbulb, a thumbs-up, a smartphone, a magnifying glass, and a gear. There is also a network diagram icon with a central node and five connecting lines. The background of the entire slide is a dark blue gradient.

9

SEE ALL

SCENARIO 9: As a user, I would like to view all the boarding house properties, especially those not seen in the home page display.

GIVEN: The user is in the home page.

WHEN: The user clicks See All.

THEN: The user can view all the available boarding house properties, including those hidden from the home page display.

A series of hexagonal icons in various shades of blue and cyan are arranged along the left edge of the slide. The icons include a lightbulb, a thumbs-up, a network of nodes, a smartphone, a magnifying glass, a gear, and a speech bubble.

10

DELETE POST

SCENARIO 10: As a user, I would like to have the option to delete my boarding house property posts.

GIVEN: The user is in the Property Detail section.

WHEN: The user hovers and clicks on the boarding house property post's delete icon.

THEN: The user will be given a choice to either cancel or confirm the deletion of the boarding house property post then the post will get deleted from database.

POSSIBLE USER FEEDBACKS FOR SUBSEQUENT SPRINTS

- As a user, I want to be able to track the revenue of my boarding house for rent.
- As a user who owns a potential boarding house property, I want to screen my tenants as part of safety measures.
- As an owner of a boarding house property, it would be nice if there is a rental agreement that is customizable and can be used for all the users of the boarding house app.
- As a user, I want to be able to report any bugs in the app that I encounter for immediate fixing.
- As an admin user, I want to be able to receive bug reports from various user accounts in the boarding house app.
- I want to leave comments on the boarding house app.
- I want to chat with fellow members of the boarding house app.

GANTT CHART

(SPRINT DEMO 4 & 5)

SPRINT RETROSPECTIVE

What went well?

- ◇ Essential information has been properly communicated to the team
- ◇ Functions that were less difficult were properly prioritized

What could have been better?

- ◇ Time Management on Feature Development

What did I learn?

- ◇ Prioritization of Less Difficult Features
- ◇ Schedule Management

What still confuses me?

- ◇ Implementation of features to be created in the upcoming weeks.

Who did what?

- ❖ **Nicolen Evanz Aricayos** - back end programming, scrum master, demo
- ❖ **Roger Ando** - UI screens, suggesting features, tester
- ❖ **Carlo Marlo Amadeo** - UI screens, observer, tester, reporter
- ❖ **Ryan Ontal** - UI screens, front end programming, leader
- ❖ **Jhames Paul Rotor** - UI designs, UI screens, logo designer
- ❖ **Jaf Paraon** - UI screens, Documentation, observer, front end program
- ❖ **Michael Flores** - UI screens, observer, bug finder, reporter

THANK YOU!
