ACCEPTANCE CRITERIA

A series of hexagonal icons in various shades of blue and cyan are arranged along the left edge of the slide. The icons include a lightbulb, a thumbs-up, a network node, a smartphone, a magnifying glass, a gear, and a speech bubble.

1

EDIT POST

SCENARIO 1: As a user, I would like to make modifications to my original posts in BoardHub.

GIVEN: The user is in the My Post section.

WHEN: The user hovers over a post and clicks Edit Post.

THEN: The user can change the descriptions and images of the selected post.

A decorative graphic on the left side of the slide. It features a large, light blue hexagon in the center with the number '2' inside. Surrounding this central hexagon are several smaller hexagons of varying shades of blue and teal. Some of these smaller hexagons contain white icons: a lightbulb, a thumbs-up, a smartphone, a magnifying glass, and a gear. There is also a network-like icon with three dots and connecting lines. The entire graphic is set against a dark blue background.

2

COMMENT SECTION

SCENARIO 2: As a user, I would like to be able to make comments and see comments in the boarding house app.

GIVEN: The user is in the Home Page.

WHEN: The user hovers over a post and clicks the Comments icon / Comments display.

THEN: The user can make and view comments on the selected post.

A decorative pattern of hexagons in various shades of blue and cyan. Some hexagons contain icons: a lightbulb, a thumbs up, a network of nodes, a smartphone, a magnifying glass, a gear, and a speech bubble. The pattern is arranged in a cluster on the left side of the slide.

3

ADD COMMENT

SCENARIO 3: As a user, I would like to add a new comment in BoardHub's comment section.

GIVEN: The user is in the Comments Section.

WHEN: The user hovers over their created comment/s.

THEN: The user will be given the option to add comments in the post's comment section.

A decorative arrangement of hexagonal icons in various shades of blue and cyan. The icons include a lightbulb, a thumbs-up, a network diagram, a smartphone, a magnifying glass, a gear, and a speech bubble. A large cyan hexagon in the center contains the number 4.

4

DELETE COMMENT

SCENARIO 4: As a user, I would like to delete comments that I have posted in BoardHub.

GIVEN: The user is in the Comments Section.

WHEN: The user hovers over their created comment/s.

THEN: The user will be given the option to delete comments. Deleting the selected comment/s will remove the comment/s from the post's Comment Section.

A cluster of various hexagonal icons in shades of blue and cyan on the left side of the slide. The icons include a lightbulb, a thumbs up, a network node, a smartphone, a magnifying glass, a gear, and a speech bubble.

5

LIKE A COMMENT

SCENARIO 5: As a user, I would prefer being able to Like / Upvote comments I find entertaining in BoardHub's comments section.

GIVEN: The user is in the Comments Section.

WHEN: The user hovers over another user's comment and clicks on the Like / Upvote icon.

THEN: The system will add a Like counter of one to the selected user's comment and can be viewed by other users as well.

A cluster of hexagonal icons in various shades of blue and cyan on the left side of the slide. The icons include a lightbulb, a thumbs up, a network node, a smartphone, a magnifying glass, a gear, and a speech bubble.

6

REPORT COMMENT

SCENARIO 6: As a user, I would like to have the option to report comments I find concerning or offensive.

GIVEN: The user is in the Comments Section

WHEN: The user hovers over another user's comment and clicks on Report Comment.

THEN: The user can send a report to the Admin user/s on the selected comment/s.

A decorative pattern of hexagons in various shades of blue and teal on the left side of the slide. The hexagons contain icons: a lightbulb, a thumbs up, a network node, a smartphone, a magnifying glass, a gear, and a speech bubble.

7

COMMENT TIMESTAMP

SCENARIO 7: As a user, I would like to know how long a comment has been posted in the comments section.

GIVEN: The user is in the Comments Section

WHEN: The user hovers over the top of the selected comment.

THEN: The user can see the time when the selected comment has been posted.

PRODUCT BACKLOG

USER FEEDBACKS THAT HAVE BEEN ACCOMODATED (SPRINT DEMO 4 & 5)

USER FEEDBACK NO.	FEEDBACK
16	✓ As a user, I would like to take note of my favorite boarding house properties and put them into one place.
17	✓ As a user, I would like to sort the boarding house properties I see in the app.
18	✓ As a user, I would like to crop my boarding house property images and adjust them to my preferred ratio.
19	✓ As a user, I would like to add more images to my boarding house property rather than just one for display.

BACKLOG FROM SPRINT DEMO 4 & 5

BACKLOG FROM SPRINT DEMO 4 & 5

20	✓ As a user, I would like to view all the images associated with a boarding house property and not just the ones being displayed on the page.
21	✓ As a user, I would like to experience seeing some information on the functionalities of the boarding house app when I open it.
22	✓ As a user, I would like to see all the boarding house properties that I have posted in the BoardHub app.
23	✓ As a user, I would like to see the boarding house properties in accordance with their type or classification.

24	✓ As a user, I would like to view all the boarding house properties, especially those not seen in the home page display.
25	✓ As a user, I would like to have the option to delete my boarding house property posts.

APRIL 2023

[illegible]

SPRINT RETROSPECTIVE

What went well?

- ◇ Tasks were communicated properly to the team
- ◇ Errors in the created features were sorted out.
- ◇ Updating our Gantt Chart for the current sprint's tasks.

What could have been better?

- ◇ Being able to quickly identify errors in the making of features.
- ◇ Implementation process of the features
- ◇ Assessing the scope and complexity of a feature
- ◇ Time Management

What did I learn?

- ◇ Learning to communicate better with fellow team members
- ◇ Prioritizing easy features first and re-adjust hard features accordingly.

What still confuses me?

- ◇ Finding out any hidden bugs not seen during the testing of essential features.

Who did what?

- ❖ **Nicolen Evanz Aricayos** - back end programming, scrum master, demo
- ❖ **Roger Ando** - UI screens, suggesting features, tester
- ❖ **Carlo Marlo Amadeo** - UI screens, observer, tester, reporter
- ❖ **Ryan Ontal** - UI screens, front end programming, leader
- ❖ **Jhames Paul Rotor** - UI designs, UI screens, logo designer
- ❖ **Jaf Paraon** - UI screens, Documentation, observer, front end program
- ❖ **Michael Flores** - UI screens, observer, bug finder, reporter

THANK YOU!
